1	Authorize as 'Student' into the system. Make GET request to REST endpoint https://charliebackendapi2.azurewebsites.net/api/v2/lessons		Status code: 403 (Forbidden)											

Description

This test case verifies that users with 'Student' role can't get information about all lessons by making GET request to REST endpoint.

Pre-conditions:

1. At least one lesson exist in the system.
2. 'Student' role exist in the system.
